I got into this race because I have a unique perspective on San Diego's problems and challenges.

I'm not a millionaire, business owner, politician, or lawyer. In fact I'm not even employed.

But what I never figured on was that I would play a part in the most expensive, negative and fraudulent campaign for Mayor in San Diego history!

Steve Francis has, or will spend a cumulative total of \$7 million dollars in his quest to be our Mayor.

Why?

And what about that Steve Francis Vision?

Yep, that 54 page tome he's been touting during this entire campaign.

I downloaded it. I read it. What a complete waste of paper, and I'm sick of hearing about it!

But the biggest surprise is the lack of specifics on how his vision could actually fix the problems he criticizes the Mayor over.

My idea of making the City's website, and providing citizens easier access to their City government via the web, is a more substantial offering to the voters than the "vision" of Steve Francis.

It comes down to this. Steve Francis is a hypocrite. Says one thing and does another.

He accuses others of the same actions and behaviors that he himself does.

We don't need that kind of person as our Mayor in San Diego.

Steve, if it wasn't for your millions of dollars of TV ads and campaign mail, nobody would take you seriously.
